Membership Committee: Bob LaCob reported we have 152 paid members.

FMO: Ken Rausch reported that the bill regarding assistance for low-income people, who live in mobile homes like ours, is still moving through legislation. We now have 40 residents who are members. The FMO is our advocate for the state legislature. The dues are \$30 per year, which will be going up to \$40. Ken has the applications.

Social Committee: Laura Grogan thanked everyone who attended the St. Patrick's Day party. One hundred and fifty people bought tickets. She also thanked those who attended the Mystery Auction. Information on the Easter Dinner is in the calendar. There are two seatings, one at 2pm and one at 4pm. For Mother's Day, there will be a Pancake Breakfast. We have the Neon Nights coming up, which has been postponed to May 17th. Tickets will be sold May 5th.

Sunshine Committee: Mary Heasley reported that Get Well cards were sent to Deb Hawes, Dave Anderson, Sheila Crawford, Kristi Tanner and LaFaye Grosse. Sympathy cards were sent for Carol Hagen, sister of Peg Tanner, and Ella Mae Armstrong, Mother of Denise Cahill. Please let her know if you know of someone who's sick or has passed away.

Newsletter: Greg Allen reported that Carole Brasfield and he are still progressively working on the Newsletter.

Website: Denny reported the Financial Report on the website is the correct one.

Hacienda Care Center: Mike Michelson thanked everyone for their support. They currently have no specific needs. If you have equipment you're not using, please contact them for pickup. Denny explained what the Care Center was about.

OLD BUSINESS:

Homeowner's Committee (HOC): Denny reported again that there currently isn't an HOC. They've had a couple of people express an interest in being considered to be on the committee. If you have an interest in becoming a member, see a member of the Board. You'll be asked to attend a Board meeting to tell them why you'd like to be a member of that committee.

New HOA Members? Did you bring a neighbor? Denny asked if there were any new members in the audience. Marge Hackbart said she tried to contact some residents, but they weren't home. Denny explained that this meeting is open to everyone, it is not a closed meeting.

NEW BUSINESS:

Changing Banks: Denny reported that we have changed banks for our checking account. We're using Launch. We still have a CD and a savings account at Truist.

Expo Information: Denny said we've had Fun Day in the past, which will now be combined with the Expo. The Expo will consist of vendors, who have to bring a game for you to play, and a prize for you, playing that game. Laura Grogan and the Social Committee will have hot dogs, chips and water for sale. April 19th is our Fun Day this year, starting at 10:00am at Club Rio.

Piers: Denny sent an email to Tiffany's boss about ten days ago asking for an update on the piers. He received an email back from the acting manager of the community, and that message said, "I have discussed the piers and the process we are following with my Senior management, so I can get a better frame of reference on how this process is going. We're at the end of the bidding process, and as soon as a final determination has been made, we will communicate the next steps to everyone. A project this large has multiple governmental entities dictating timelines, and we are working with an engineer to gather bids from multiple vendors to make sure we pick the best contractor for the job. We are hoping to have a determination made and contract signed in early April, and once we do, we will let everyone know, along with any other pertinent info as to timeline expectations as well." Denny stated that Tiffany had been led to believe that this project would have been completed yesterday. This has been over a year now. Gregg Allen put together a timeline, which is two pages long, from the time they were closed until now. The Board has authorized Denny to send an email to Sherri Woodworth, who is a senior vice president and has been with Sun for multiple years. The Board first met her when Sun purchased this place in January of 2019. Denny is going to include the timeline and notes from the Board's private meetings with Sun. Someplace along the line, he is also going to send this to our attorney, to see if we have a leg to stand on, if this could be a Reduction of Service. In this month's issue of the Newsletter, it mentioned that Terragone Engineering is the contractor. The Board called Terragone Engineering, and they were the ones to advise us that it's still in the bidding process. Denny believes Tiffany was misled, which misled us. He doesn't know what's going on but said we are prepared to take legal action if legal action has to be taken, and that would have to be with the resident's approval. This is what we know now. One resident commented that Tiffany had a meeting with the engineers. Denny said she talked to the same engineer the Board called. He also said the contractor would pull the permits.
